Animal, Dairy and Veterinary Sciences Department  
2020 Summer Undergraduate Research Internship Application

Name:  Click here to enter text.
ADVS Major:  ☐ Yes  ☐ No
Year in School:  ☐ Freshman  ☐ Sophomore  ☐ Junior  ☐ Senior
Continuing USU Student in the fall semester of 2018?  ☐ Yes  ☐ No
Phone Number (with area code):  Click here to enter text.
Email address:  Click here to enter text.

In a separate document, please provide a written narrative in which you describe: 1) any previous research experience you have had, 2) your educational and/or career plans after graduation, 3) how this summer research program will advance your career objectives and 4) any other information you deem relevant to your application.

Plans for advanced degree(s):  ☐ None  ☐ MS  ☐ PhD  ☐ DVM  ☐ DVM/MS/PhD  ☐ Undecided  ☐ Other

Please review the description of the available research programs (provided in a separate document), and list below (in order of preference) those that interest you (Principle Investigator and area of study):

1-Click here to enter text.
2-Click here to enter text.
3-Click here to enter text.

Although there is no guarantee, we will try and match selected candidates with their preferred program.

The summer internship program will run from May 16 to August 10, 2019. Selected interns are required to participate in the ADVS Graduate Student Research Symposium in early August (date to be determined). In addition, summer interns are expected to present the results of their research at the CAAS Awards Banquet in September and at the USU Student Research Symposium during Research Week in the spring semester.

Please provide the name and phone number/email address of two references:

1-Click here to enter text.
2-Click here to enter text.

Please submit this form and written narrative to Cara Allen at cara.allen@usu.edu by 5:00pm on Friday, February 28, 2020.
